

I have noticed a significant decline in telemarketing calls to my home phone since signing up with the Do Not Call list. Please do not recant this law!!! It is most annoying having to deal with these people (telemarketers) especially during diner hours, weekends and evenings when you are trying to relax after a days work. If this law changes and lets telemarketing back in NJ I will consider cancelling my home phone and use my cell as my primary phone. At least they haven't called on that phone yet!!
